

Hello Friends,

I would like to take this opportunity to thank all our dear supporters and partners for your generous support that you have provided to our community throughout the year. I am happy to report that your generosity and selfless support made us achieve more than we ever imagined last year. May God Bless you all.

We had a lovely day with the elderly, vulnerable and all our member over the Christmas season.

We shared Christmas packs and everybody went home happy and energized.

We have officially opened school this year and our kids are doing very well. I cannot thank MCT and dear supporters enough, our prayers is that God may continue to bless you and uplift you and supply to all your needs according to His riches in glory. May you enjoy a happy and PROSPEROUS YEAR 2022.

Its great to hear that you are now able to meet and celebrate one another. We too feel better, Covid has reduced and there are vaccines all over.

God is faithful.

Attached are pictures of our Christmas service Day.

Love and prayers

EPS family.
