Dear Judith

01/06/2020

*On behalf of the Ecumenical Day Care and Support Women Project I would like to **acknowledge and thank** you for the generous donation from MCT family Edinburgh towards support of the women during these tough times of covid-19.*

The situation in Kenya is getting worse as the number of infections has continued to go up. We are still under partial lock down and the economy has continued to collapse. Even those of us who are strong and healthy cannot raise any income as the shutdown has severely affected all sectors.

With 250 families from the women project and 550 families from the school community, we can only hope and trust God for the best. Most of these families have continued to struggle to place a meal on the table.

Thanks to generous support from MCT, E cudare Kenya has continued to share food packages, soap and masks to the women and children in our locality.

At the moment Kenya has over 2000 confirmed cases. Ministry of health has projected a rise to over 10,000 cases by mid-August. We can only trust God for the best.

Once again thank you Judith, thank you MCT and all partners and friends from Edinburg for helping Ecdare to transform and give hope to our families during these difficulty times. We have very special thanks to Julie Brown and Shirley Brown for donating funds to make over 2000 re-usable masks that our members have continued to receive.

You will continue to be in our thoughts and prayers during these difficulty times of covid-19.

Love and prayers from Kenya

Esther Wanjohi
